

# Warragamba Preschool Reconciliation Action Plan

At Warragamba Preschool we are taking small deliberate steps towards reconciliation every day. Our aim is to teach respect for ATSI people from an early age.

We have incorporated awareness, respect and value for indigenous Australians diverse culture, customs, and spiritual belief into our Preschool program, so it becomes a normal part of each Preschool day.

The staff are continually increasing their knowledge by researching the local Gundungurra people. There is lots to learn by exploring and appreciating the wisdom and ways of Australia's first people, who lived in harmony with the land and natural environment.

We wish to acknowledge and invite Aboriginal and Torres strait Islander peoples, alongside all other cultures into our service.
